

can you make a letter asking sambloxsung to build tanks for seed war 3 and other war stuff too

Here is a draft for your letter. It's written to be enthusiastic, respectful, and clear about what you're looking for. You can tweak any of the details to better fit your style!

Subject: Epic Build Proposal: Tanks and War Gear for Seed War 3!

Hi Sambloxsung,

I hope you're doing well!

I'm a huge fan of your building style and creativity. I am currently working on/planning **Seed War 3**, and I think your talent would be absolutely perfect for bringing the world to life.

Specifically, I wanted to ask if you would be interested in building some **tanks** for the project?

Beyond tanks, we are also looking to feature a lot of other war assets. If you're up for it, we would love your help creating things like:

- o Military vehicles (jeeps, transport trucks)
- o Defense structures (bunkers, trenches, watchtowers)
- o Custom weaponry or battlefield scenery

Your style would give Seed War 3 exactly the kind of atmosphere and epic scale it needs. Let me know if you have some free time and if this sounds like a project you'd want to jump into. We can talk about the specific themes, sizes, and any other details whenever you're ready.

Thanks for your time, and I look forward to hearing from you!

Best regards,
